Our school initiatives are on track to meet or exceed our targets

During 2018, we focused on maximising the benefits of this funding for our students. After reviewing our 2018 *Investing for Success* agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds. Initiatives implemented include:

Initiative 1

Continue to build effective school processes to improve teacher ability to identify the writing (and reading) demands of the Australian Curriculum learning and subjects in C2C units of work through the development of understanding of the following:

- Data literacy to inform targeted teaching cycles
- Case management approaches
- Professional learning teams (PLTs)

Initiative 2

Provide focused and intensive teaching for students requiring additional support to demonstrate achievement against the year-level achievement standards

Target

Funding was used to increase the percentage of students achieving a 'C' standard or above in English from 90% (2017) to 95% (2018)

Results

At the end of Semester 1 92% of students received a C standard or higher in English.
At the end of Semester 2 95% of students received a C standard or higher in English.
