From the Principal

School overview

Established in 1871, Geham State School is part of the Darling Downs South West Region located 25 kilometres north of Toowoomba, Queensland. The school is a Band 6 school and provides co-educational schooling from Prep to Year 6. Our students enjoy a well-balanced and individualized education, underpinned by a strong focus on literacy and numeracy. Our vision is to nurture all shades of learning through Opportunities ~ Aspirations ~ Knowledge. We believe that we need to provide opportunities for students to find their strengths and talents so that they can aspire to be the best that they can be. We strive to invest in our students a strong self-belief and a lifelong desire for the pursuit of learning. Geham State School community is committed to nurturing every child through our values of care, commitment and safety. Geham is an extremely well-resourced school. While we have a small student population (145 students across 7 classrooms) the spaces and grounds are extensive and the facilities are well maintained. Our strong and committed staff and enthusiastic and supportive community strives for excellence so that every student is succeeding every day.

School progress towards its goals in 2019

Our School Strategic Plan key priorities for 2019 included a sharp and narrow focus on the consistent, explicit and targeted teaching of writing achieved through a focus on literacy across all learning areas in a positive learning environment.

TARGETS - 2019

STUDENT OUTCOMES -
Increase the percentage of students achieving a 'B' standard or above in English & Maths to 60%.
95% of students will achieve a 'C' standard or above in English and Maths.

ACHIEVEMENT- NAPLAN

Our Targets for 2019 included the following results:

Percentage of students C standard or above in English – 96.8%, Maths 100% and Science 98%

Percentage of students A or B standard in English – 67.3%, Maths 70.2% and Science 65%.

Using NAPLAN data the percentage of students at Mean Scale Score, at National Minimum Standard and in Upper Two Bands (including Similar to Qld State Schools) included the following:

100% of year 5 students reached national minimum standard across all of the test areas. The year 5 students performed above the national cohort in all test areas with year 5s being flagged as significantly above in grammar and punctuation.

100% of year 3 students reached national minimum standard across 4 of the 5 test areas.

Our scores in the upper two bands have increased significantly across a number of testing areas and we were flagged above the national cohort in Reading and Grammar and Punctuation.

37.5% of students in year 3 and 66.7% of students in year 5 were in the U2B in Reading in NAPLAN.

12.5% of students in year 3 and 40% of students in year 5 were in the U2B in Maths in NAPLAN

Student Attendance – 93%

School Disciplinary Absences – 1

Under the Investing for Success Agreement Geham State School received \$48 402. The majority of funding was used to provide focused and intensive teaching for students requiring additional support. It was also used to develop teacher capability around data literacy, case management and professional learning teams. After reviewing our 2019 *Investing for Success* agreement, it is clear that we have met or exceeded our targeted student outcomes.

Future outlook

In 2020 we will refine the focus of our school improvement agenda to include the following:

Clarity of learning for all students through targeted teaching and intentional instruction in literacy across all learning areas.

We will continue to:

- Provide targeted teaching of literacy across all learning areas.
- Build teacher capacity for intentional instruction in literacy across all learning areas.
- Maintain a strong commitment to Positive Behaviour for Learning including a focus on inclusion and wellbeing, attendance and engagement.
- Maintain a culture that promotes learning through successful transition of all students at key junctures.

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	2	0	1
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	77,650	62,735	67,207
Water (kL)			

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

School funding

School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the [My School](#) website.

How to access our income details

1. Click on the *My School* link <http://www.myschool.edu.au/>.
2. Enter the school name or suburb of the school you wish to search.

The screenshot shows a search interface with a text input field labeled 'Search by school name or suburb', three dropdown menus for 'School sector', 'School type', and 'State', and a search icon on the right.

3. Click on 'View School Profile' of the appropriate school to access the school's profile.

4. Click on 'Finances' and select the appropriate year to view the school financial information.

Note:

If you are unable to access the internet, please contact the school for a hard copy of the school's financial information.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.
